Dear Mr. Echo Hawk,

I am hoping to get an update on where we are at as far as getting put back on the federal recognition list. I know that a month ago it was confirmed that the document that you are waiting on from the solicitors office was completed and sitting on Pilar Thomas' desk. I was told it would take 2-3 weeks for her to review and approve, well it has been 4 weeks so I am assuming that it is completed.

It will be 1 year ago Sept 26th that we met with you in your office and given some very positive feedback from your staff as well as you.

Your response to this email either by phone or email would be greatly appreciated.

Respectfully,

Jim Appodaca
